

ChronoRemind Freemium + Version

COVID-19 Special Reminders Offer by Chronometriq - Email to leads copy
March 17th 2020

AAR product offered for free to help during COVID-19 crisis

Dear customer,

Chronometriq was founded on the values of putting people first and that empathy matters. During this crisis, we continue to uphold our values.

We recognize that clear, precise, and quick communication is essential for staying ahead of the pandemic.

As such, we are offering our automated appointment reminder product, ChronoRemind, for free* during this time of crisis.

ChronoRemind is a solution that **clinics can use to include special messages or instructions via email, SMS, or voice message in an appointment reminder text.** *(Ex. If you have a fever, a cough, or difficulty breathing, have traveled abroad, please call before coming in).*

Considering that timing is of the essence, ChronoRemind can be set-up very quickly.

1. Simply sign the order and authorization forms;
2. Then answer some quick questions to initiate configuration and customize message;
3. Chronometriq and your EMR supplier will take care of the rest, and launch ChronoRemind in a timely manner.

Patients and individuals want answers and to know what actions to take, but most importantly, they want to be reassured. As health care professionals, you want to prioritize urgent matters and to focus on providing superior care.

We're all in it together. Let us help you right now during this time of need. **To get this set-up quickly, call me *any time* at 1-888-420-8584 ext. 3.**

Sincerely,

Chronometriq team

*Eligibility and conditions

- The Freemium + version of ChronoRemind is available to new Chronometriq customers using a Accuro EMR integrated with Chronometriq.
- Usage period: the Freemium + version will be available for 1 month, starting at go-live date. The usage period may be extended depending on the circumstances. At the end of the usage period, the client will have the option to either subscribe to Chronometriq's basic or premium plans, or to cancel the service.
- The offer is applicable on the license fees and the activation fees (normally \$ 450)
- The Freemium+ version of ChronoRemind includes:
 - up to 2 automated reminders per appointment:
 - an email and a phone message sent 5 days prior, and
 - an email and a SMS sent 2 days before the appointment
 - a message including information about the appointment and the clinic, with a special COVID-19 message
 - the possibility for the patient to confirm or cancel the appointment
- The full versions of the ChronoRemind and the ChronoSuite are available for an additional license fee.
